Campion Academy Dorm Visitor Information Sheet

Welcome to Campion Academy. We are happy you are here, and we hope you enjoy your visit. In an effort to make your visit more enjoyable we have enclosed our Dorm Schedule which outlines our usual routines. Please contact the dean on duty if you have any questions.

The front doors to the dorm will be open during the scheduled open hours for the dormitory. Sponsors and students staying in vacant dorm rooms will receive 1 room key. We request that the key be returned at the end of your visit. Lost or misplaced keys are assessed a fee of $30 payable upon check-out.

Please pay close attention to our security alarm schedule below as each night when the Dorm Security System is armed and all guests are to remain in their rooms.

Regular dorm rooms are equipped with 2 twin beds and **do not** provide bedding, toiletries or towels. Please bring any necessary items for your stay.

- 8:10 pm Dorm Worship in the Chapel
- 8:30 pm Dorm Strict Study Hall/Quiet Time
- 10:00 pm Security system armed; students and guests remain in rooms
- 10:30 pm Dorm lights out

General Dorm Guidelines

- Sponsors must supervise their students at all times**.** The deans assume no responsibility for sponsored students.
- Please be mindful of others as voices and laughter carry.
- The dean cannot administer medications to a visiting student. The Sponsor is responsible for the healthcare needs of their students. Our school healthcare provider is available for questions if needed.

In the Event of Illness

Illnesses spread very quickly in a dormitory setting and in an effort to minimize exposure for all we request the following:

- Visitors who are sick must remain in their assigned room. The sponsor is responsible for their sick student.
- Cafeteria meals can be converted to a “visitor sick tray” by notifying the cafeteria. The sponsor is responsible to make arrangements and pick up meal
- The visiting sponsor is responsible for the administration of any medication to their student, which includes obtaining permission to treat by their parent/guardian.
- In an effort to reduce exposure, visitation during illness should be limited to the sponsor only.
- If an illness continues to spread in the dorm, the visiting guest(s) that are ill may be asked to find alternative accommodations outside the dorm to help avoid widespread illness.
